

HOW TO TOP UP THE PREPAID CARD ON THE PARKING MACHINE

1.) **ATTACH** the prepaid card as shown on the picture. The parking machine asks you if you wish to pay for the parking fee or **TOP UP credit**.

Prepaid card can also be used to pay for the parking fee, if you had entered the parking area with a parking ticket.

2.)

Choose the amount—**10 or 20 EUR**. It is also possible to top up a random amount (in this case press the third button —**1 EUR STEPS**).

3.)

- In case you chose 10 or 20 EUR, select **PAYMENT**, in this third step, and follow the instructions on the screen.

- In case you chose a random amount, press the button **+1 EUR** until you have reached the intended amount (which you can monitor on the screen). Then press **PAYMENT** and follow the instructions on the screen.
